*Dear Colleagues,
The 3rd World Congress of the Ozone Therapy Federation which follows those held in Beijing and Madrid wants to offer a further scientific value in a sector where approximation and vague knowledge lead - let me say - to a mere justification of a much easier indifference. This is not acceptable and this congress is another important meeting occasion to give validating certainties to physicians operating in this discipline. Recent clinical results of national and international case history show a need for a bigger effort in the research of rationality in the way this matter is dealt with. This 3rd World Congress then gives itself ambitious targets. It wants to fight deception and reestablish incontestable truth which is only possible with concrete knowledge. It wants to give credit to all those around the world who have been able to give certainty to this therapy. It wants to give the opportunity of a correct approach and give an occasion of deep analysis.*

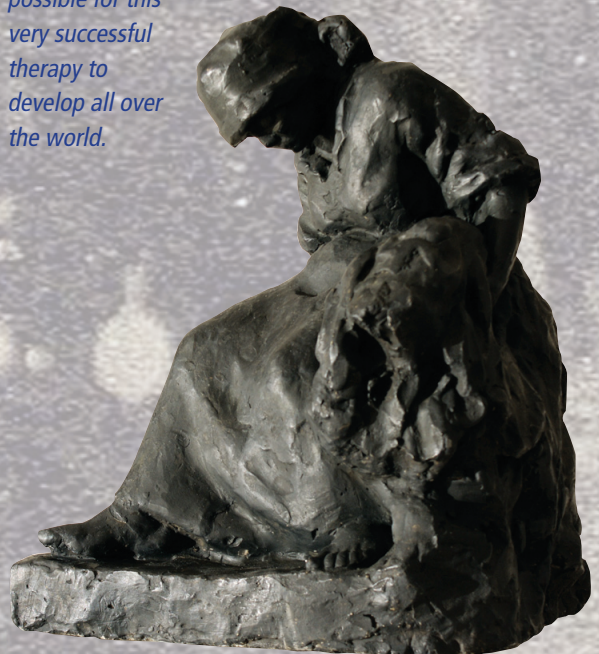

For all this I feel honoured to organize the WFOOT 3rd World Congress of Ozone Therapy for the first time in Italy. A big opportunity for all those who want to collaborate, compare, give the results of their own knowledge and experience, but above all for those who are humble enough to ask themselves "why?"

Thank you all

Matteo Bonetti

The Francesco Riccardo Monti prize for life time achievements is a recognition for scientific work done to spread Oxygen-Ozone Therapy practice in Italy and around the world.

The great artist Francesco Riccardo Monti, who is now represented by his heirs, was a sculptor and an architect from Cremona and he created many monumental works of art. At the end of 1928 after winning a commission and being prevented from completing it he had an argument with a fascist party official and left Italy. He moved first to France and then to Manila in the Philippines where within a short time he became the most important sculptor and architect in the country. There he carried out great works of art merging the style of the European school with the local tradition. He came back to Italy only for short periods between 1930 and 1932 to finish some uncompleted works. His style is full of poetic symbolism and leads to works of art rich in grace and imagination. His devotion is the same of those physicians who have always believed in the effectiveness of Oxygen-Ozone Therapy and have made possible for this very successful therapy to develop all over the world.

International Scientific Committee

Alvarado Ramiro - Bolivia
Andreula Cosma - Italy
Baeza Noci José - Spain
Bas Murat - Turkey
Bergeron Yves - Canada
Bocci Velio - Italy
Catelani Cardoso Cláudia - Brazil
Clavo Bernardino - Spain
De Monte Amato - Italy
Erario Angeles - Argentina
Fahmy Ziad - Germany
Fawaz Asaad - Siria
Gallucci Massimo - Italy
Galvan Francisco J. - Spain
Gomez Manuel - Cuba
He Xiaofeng - China
Hernández Frank - Cuba
Konrad Heinz - Brazil

Kos Wally - Australia
Kumar Vijay Sheel - India
Leonardi Marco - Italy
Martin Florido Francisco J. - Spain
Martin Francisco Alfonsa - Spain
Nabil Mawsouf Mohamed - Egypt
Pellicanò Giannantonio - Italy
Pepa Osvaldo Alberto - Argentina
Scarchilli Alberto - Italy
Schulz Siegfried - Germany
Schwartz Tapia Adriana - Spain
Simko Marian - Switzerland
Tammam Youssef - Siria
Ungureanu Florin Dan - Romania
Viebahn Renate - Germany
Viti Paganelli Sergio - Venezuela
Vyletelka Juray - Slovakia
Zambello Alessio - Italy

International Scientific Committee of Veterinary

Marco Ablondi - Italy
Attilio Corradi - Italy
Corrado Dimauro - Italy
Helen Giuliano - Italy

Gaetano Penocchio - Italy
Paolo Scrollavezza - Italy
Emilio Smadelli - Italy
Alessandra Vigliani - Italy

Organizer Committee

Albertini Filippo - Italy
Alexandre Alberto - Italy
Borrelli Emma - Italy
Cardelli Roberto - Italy
D'Orta Giovanni - Italy
Dall'Aglio Roberto - Italy
De Santis Fabio - Italy
Fabris Giuliano - Italy
Fontana Alessandro - Italy

Genovese Eugenio - Italy
Gjonovich Antonio - Italy
Re Lamberto - Italy
Morosi Claudio - Italy
Muto Mario - Italy
Ottaviani Gian Maria - Italy
Parodi Filippo - Italy
Sirito Mario - Italy
Tabaracci Gabriele - Italy

Thursday April 14th

- 15,00** Registration of participants
Opening Ceremony
- 15,30** Welcome of local Authorities
- 16,00** **V. S. Kumar** - Ozone Therapy Today
- 16,20** **V. Bocci** - State of the Art:
Has Ozonetherapy a Future in Medicine?
- 16,40** **Z. Fahmy** - The mean of ozone
therapy by musculoskeletal diseases
- 17,00-17,20** **Coffee Break**
- 17,20** **Francesco Riccardo Monti**
Awards Ceremony
- 17,50** **G. Pellicanò** - History of Rock
- 18,35** **Visit of "Mille Miglia" Museum**

Friday April 15th

Session I

Ozone Therapy in the Musculo-Skeletal Pathology

PART I - Spine

Moderators: **C. Andreula, O. A. Pepa**

- 8,30** **M. Leonardi** - State of the Art
- 9,00** **Y. Bergeron** - Mini-Invasive
Treatments on the Spine
- 9,20** **J. Baeza Noci** - Ozone Therapy in
the Musculo-Skeletal Pathology: Spine
- 9,40** **M. Gallucci** - Other Ozone
Therapeutical Approaches:
Facet Joints and Posterior Arch
- 10,10** **G. Pellicanò** - Review of
International Literature

10,30-10,50 Coffee Break

Oral Communications

Moderators: **M. Gallucci, A. Fawaz**

- 10,50** **J. Vyletelka** - Internal Disc
Disruption: Is it possible to treat with
the Oxygen-Ozone Therapy?
- 10,57** **A. Alexandre, L. Corò,**
A. M. Alexandre - Cerebrospinal
fluid nitric oxide metabolites are novel
predictors of pain relief in
degenerative lumbar diseases with
spinal stenosis
- 11,04** **A. Alexandre, L. Corò,**
A. M. Alexandre - Degenerative
aspects on MRI follow-up of patients
treated by ozone discolysis
- 11,11** **F. de Santis, L. Cirillo, M. Dall'Olio,**
C. Princiotta, L. Simonetti,
M. Leonardi - Lumbar Disk Hernias:
Percutaneous Treatment with
DiscoGel® in Patients who did not
Respond to Oxygen-Ozone
Chemonucleolysis
- 11,18** **A. Erario, A. Grangeat** - Why
oxygen ozone therapy is useful
in degenerative disk pathology?

- 11,25** **M. Simko** - Our first experiences (2009-2011) with combined lumbar injection technique: ozone, steroids and long acting local anaesthetic
- 11,32** **A. Erario, A. M. Grangeat, G. A. Moviglia, E. A. Croce, N. Blasetti, M. L. Moviglia** Mesenchymal Stem Cells combined with Effector T Cells and low doses of Ozone therapy produce regeneration of damaged inter vertebral disks in rats.
- 11,39** **L. Brina, A. G. Popandopulo** Lumbar Vertebral disc pathology. New frontiers: ozone+stem cells.
- 11,46** **A. Alexandre, R. Paradiso, A. M. Alexandre** - Further studies on patients affected by lumbar disc hernia, and treated either by microdiscectomy or by in tradiscal oxigen-ozone injection.
- 11,53** **R. Paradiso, A. Alexandre** - Surgical treatment of disc herniation by percutaneous laser disc decompression combined with intradiscal ozone injection.

PART II - Articular

Moderators: **M. Bas, H. Konrad**

- 12,00** **X. He** - Efficacies of different treatment courses of ozone therapy on lumbar disc herniation
- 12,20** **M. Muto** - The Research: Modifications Induced by Ozone In the Disk
- 12,40** **E. Genovese** - Mininvasives Treatments of Small and Big Articulations Compared to Ozone
- 13,00** **A. Scarchilli** - The Experience in Shoulder and Knee Treatment
- 13,20** **J. Baeza Noci** - Ozonetherapy in the adult hip pathology

13,40-14,40 **Lunch**

Oral Communications

Moderators: **G. Pellicanò, M. Muto**

- 14,40** **M. Moretti** - Effect of Treatment with O_2-O_3 and Hyaluronic Acid in Partial Tear of the Supraspinatus Tendon
- 14,47** **R. Cardelli, E. Benedetti, E. Monti, S. Montefiori** - Osteoarthritis of the knee treated by intra-articular infiltration of oxygen-ozone and hyaluronic acid
- 14,54** **C. Morosi, U. Falzoni** - Oxygen-Ozone Therapy in Childhood. Personal Clinical Experience in Pediatric Surgery
- 15,01** **G. Tabaracci, V. Covi, G. Arangio Febbo, M. T. Ghisellini** Oxygen-Ozone Systemic Therapy and Local Drug-Resistant Severe Rheumatoid Arthritis: A Case Report
- 15,08** **C. Catelani Cardoso, N. L. Pichara, R. T. Bortolaz, M. A. Pereira, S. B. Macedo, R. Dall'Aglío, J. M. Fiorini, J. E. Fiorini** - Topic Ozone Therapy: Coadjuvant in the treatment of exposed tibial fractures
- 15,15** **M. Moretti** - Effectiveness of Infiltration with O_2-O_3 and Hyaluronic Acid in Overload Tendinopathy of the Achilles Tendon in Athletes

Session II

Randomized Clinical Studies

Moderators: **F.D. Ungureanu, J. Vyletelka**

- 15,22** **M. Gallucci** - Ozone Versus Steroid in the Treatment of Lumbar Pain
- 15,42** **A. Zambello** - Epidural Steroid Injection vs Paravertebral O_2O_3 Infiltration for Symptomatic Herniated Disc Refractory to Conventional Treatment - A prospective Randomized Study
- 16,02** **F. J. Galvan** - Prospective Clinical Study Comparing Ozone Therapy versus Open Surgery for the Treatment of Lumbar Herniation Disc. Preliminary Results

16,22

L. Re - A Randomized Clinical Study on Pain in Patients Treated with Ozone and NSAIDs

V. Bocci - Ischemic stroke in patients to be treated with major ozonated autohemotherapy (MOAHT). Clinical trial in patients with chronic heart failure (CHF) treated with ozonotherapy.

16,42

S. Mohga - Intra and Postoperative Administration in Hepatobiliary surgery (clinical study)

17,02 -17,20 Coffee Break

Session III

World Experiences

Moderators: **J. Baeza Noci, M. Simko**

17,20

W. Kos - Oceania

17,40

V. S. Kumar - Asia

18,00

C. Andreula - Europe

18,20

R. Alvarado - America

18,40

M. Nabil Mawsouf - Africa

19,00

X. He - Decade review of ozone therapy in China

Saturday April 16th

Castagneto Room

Session IV

Other Applications

Moderators: **F. Hernandez, L. Re**

8,30

S. Schulz - O_2 / O_3 - Pneumoperitoneum in Pre-Clinical Studies (e.g. cancer). Possible Mechanisms and its Outlook in Human and Veterinary Medicine

8,45

B. Clavo - Ozone Therapy in Oncology

9,00

M. Nabil Mawsouf - Ozone Therapy in Patients with Viral Hepatitis "C". Ten Years Experience

9,15

A. Schwartz Tapia - Ozone Therapy in Recurrent Vulvovaginal Candida Albicans Infections

9,30

A. De Monte - Major Ozonated Autohaemotherapy in the Treatment of Limb Ulcers not Responding to Conventional Therapy

9,45

M. L. Iabichella - Topical Ozonated Autohemotherapy to treat Diabetic Ulcers of the Lower Limbs: Advantages and Limitations

10,00

C. Capuano - Oxygen Ozone Treatment for Lower Limb Peripheral Arterial Disease

10,15

A. Izzo, A. Bertolotti - The treatment of the buruli ulcer through the oxygen-ozone therapy: a pilot project in Zinviè, Benin

10,30 -11,00 Coffee Break

11,00

F. J. Martin Florido - Ozone Therapy in Odontology

11,15

R. Viebahn - Low-Dose Ozone Concept in Pain Syndrome: Pharmacology and Mechanism of Action

11,30

R. Viebahn - The Low-Dose Ozone Concept in Complementary Oncology

Oral Communications

Moderators: **A. Martin Francisco, Y. Tammam**

- 11,45** **M. Sirito, L. Re, G. Martínez-Sánchez, G. Pérez-Davison** - Role of ozone/oxygen in fibroblast growth factor activation. Discovering the facts
- 11,52** **G. Martínez-Sánchez, L. Re, A. Giuliani, G. Pérez-Davison** - Clinical implications of ozone U-Shaped dose responses
- 11,59** **A. Erario, A. Grangeat** - The amazing trip
- 12,06** **T. Barkhotkina** - Ozonotherapy of allergic rhinitis
- 12,13** **C. Catelani Cardoso** - Oxygen Ozone Insufflation of Maxillar Sinus: Safety, Effectiveness and Possible Application in Three Different Clinical Situations
- 12,20** **F. Berni** - The treatment with Oxygen-Ozone Therapy by GEAT of patients affected by advanced senile dementia, assisted at their domicile and in pharmacological therapy with antipsychotic psycholeptics, parasympathomimetics and melatonin
- 12,27** **R. Quintero Marino** - Ozone Therapy and Legislation
- 12,34** **B. Clavo, N. Santana-Rodríguez, D. Fiuza, F. Robaina** - Registration in Regulatory Medicines Agency. Why? Where? How to begin?
- 12,41** **C. Catelani Cardoso, M. T. Ferreira, J. Meirelles, M. S. Lima, K. L. Rodrigues, L. R. Ferreira, R. Dall'Aglío** - Study of Treatment with ozonized sunflower oil bioperoxoil on lesions induced in diabetic rats
- 12,48** **F. Raggi, G. Vallesi** - Intravenous laser blood irradiation in sports medicine
- 12,55** **J. Baeza Noci** - Zotero.org: The World Reference Database in Ozone therapy

13,02 -14,00 **Lunch**

Satellite Symposia:

*Ozone Therapy and Radiofrequency:

- 14,00** **(A) F. Parodi** - NovoX®'s Presentation: Medical Ozonated Oil. Practical Application
- 14,30** **(B) F. Parodi** - Treatment of neuropathic radicular discogenic pain with pulsed radiofrequency (PRF) on dorsal root ganglion (DRG) and intradiscal O2/O3
*Ozonated Oil and Skin Ulcers:
- 15,00** **(C) A. Paoli** - The effects of sport massage with mineral oil, ozonated oil and passive recovery on performance and fatigue perception in competitive amateur cyclists
*Kinetic Column Test and Ozone therapy
*Ion resonance and O3:
- 15,20** **(D) F. Parodi** - Kinetic Test for Centering Column and Cervical Rehabilitation
- 15,30** **(E) G. Tabaracci, V. Covi** - Oxygen-Ozone Therapy and Ion Cyclotron Resonance SEQEX

Saturday April 16th

San Paterio Room

8,30 Registration of participants

Parallel Session - Veterinary Medicine

Moderators: **G. Penocchio, A. Corradi**

9,10 **A. Vigliani** - Practical Applications of Oxygen-Ozone in equine orthopaedics

9,40 **H. Giuliano** - Oxygen-Ozone Therapy in Neurological Patient

10,10 **E. Smadelli** - Infiltrative Treatment with Oxygen-Ozone in Subjects with Osteoarthritis

10,40 **C. Dimauro** - CT-Guided Intraforaminal Oxygen-Ozone Treatment for Disc Herniation in the Dog

10,10-11,30 Coffee Break

11,30 **P. Scrollavezza** - Ozone Treatment in Dairy Cow Mastitis

12,00 **M. Ablondi** - Efficacy of an Ozonated-Oil Foam in the Treatment of Metritis and Endometritis in Dairy Cows. A Field Experience

12,30 - 14,00 Lunch

14,00-16,00 **Tavola Rotonda F.I.O.**

Legal aspects of ozonotherapy in Italy and abroad.

Moderators: **G. Barco, L. Re, M. Bonetti, M. Leonardi, A. Martin Francisco, J. Baeza Noci**

A. Alexandre - Introduction

V. Bocci - Attempts of regulation through 30 years

L. Bellotti - The project of a new law

G. Cesari, A. Alexandre
The lawyer and the doctor

R. Dall'Aglia - Contradictory applications of the rules

A. Schwartz - The situation in Spain and Europe

M. Maggiorotti - Medicolegal aspects in ozonotherapy

**From Thursday 14th
to Saturday 16th**

Mazzotti Room

Posters session

1. **A. Fontana, M. Bonetti, G. D'Orta** - Mono-lateral Sciatalgia Associated with Contralateral Gonalgia: Treatment with Oxygen-Ozone Therapy
2. **M. Bonetti, M. Moretti, G. Guarino, G. Bragaglio** Rhizoarthrosis: Our Experience with Oxygen-Ozone Treatment
3. **A. Zambello, M. Bonetti, G. M. Ottaviani** Oxygen-ozone Treatment of Fibromiagia
4. **C. Catelani Cardoso, R. Dall'Aglio, D. Rimonti, K. L. Rodrigues, L. R. Ferreira** Ozonized Sunflower oil associated to lipoic acid in the prevention of muscle fatigue in fomula 1 race pilots
5. **G. Tabaracci, V. Covi** - Revision to 11 years in Case of a Herniated Disc Ejected at L4-L5, with Migrated Disc Fragment, and Herniated Disc Ejected at L5-S1 with Paraparesis and Cauda Syndrome, Treated with Paravertebral Infiltration Oxygen-Ozone
6. **G. Tabaracci, C. Capuano, C. Capuano** Biological Effects of Oxygen Ozone Therapy in Our Body
7. **M. Bonetti, A. Fontana, G. M. Ottaviani** Our Experience of Oxygen-Ozone Injection into the Interspinous Ligament
8. **G. Ottaviani, M. Bonetti** - MR Control after one month of a cervical herniated disc C5 C6 treat with ozone
9. **G. Barco, C. Adamo** - A Case of Pancreatic Cancer Treated with Temozolomide and Polyatomic Liquid Oxygen by Continuous Venous Infusion
10. **A. Bariselli, M. Bonetti** - Non-Invasive Approaches to Back Pain in Patients with Somatization
11. **A. Gjonovich, G. Fiore** - The Articular Pains to Algodystrophic Imprint: Treatment with Oxygen-Ozone
12. **A. Gjonovich, G. Fiore** - The Hyperalgetic Shoulder: clinical experience of Oxygen-Ozone Therapy Association with anesthetic suprascapular nerve block
13. **C. Catelani Cardoso, R. Dall'Aglio, F. Frascini** Not always the continuous infusion of opioids is the best choice to treat chronic pain in the elderly people
14. **C. de Michele** - Chronic and Degenerative Lumbago: from Ozonotherapy to Integrated Therapy
15. **M. Bonetti, M. Moretti, G. D'Orta, S. Giacomini, G. Bracchi** Ozone and Collagen Treatment for Articular Capsule Rupture of First Metatarso-Falangeal Articulation

HOW TO REACH THE MUSEUM

LOCATION OF THE MUSEUM

The Museum is situated inside the Monastery of Saint Eufemia, founded in 1008.

Saint Eufemia is a district lying on the east side of Brescia, on the 45Bis "Gardesana Occidentale" Main Road: Viale della Rimembranza that is between Via Indipendenza and Via della Parrocchia.

GPS NAVIGATOR: TomTom Navigator and similar: Lat= 45.52411 N - Lon= 10.26783 E - Garmin, e Trex e simili: Lat= 45° 31'.446 N - Lon= 10° 16'.0698 E

How to reach us:

By car:

A4 and A21 Highway "Brescia Centro" exit

Follow direction to S. Eufemia, Proceed along Via Maggia, Via Mensi, Via Fiorentini, Via Gatti, Via Zammarchi, Viale S. Eufemia.

A4 Highway: "Brescia Est" exit

Follow direction to Brescia along the South ring road S. Eufemia exit. Follow direction to S. Eufemia. Proceed along Via Serenissima, Viale Sant'Eufemia.

From the city centre of Brescia:

Piazzale Arnaldo, Viale Venezia della Mille Miglia, Viale della Bornata, S. Eufemia.

By bus: From the city: n. 3 Urban line (Rezzato direction) and n. 11 from Garda Lake bus stop "Eufemia" Others extra urban lines: station bus stop of Brescia and then urban lines.

By train: Brescia Station, Bus line n. 3 (Rezzato direction) and n. 11, Taxi.

By plane: Valerio Catullo Verona Airport, Shuttle bus from/to Verona Porta Nuova station, Train from/to Brescia station. Orio al Serio International Airport, Shuttle bus from/to Brescia bus station. Milano Malpensa Airport, Shuttle bus from/to Milano Centrale station, Train from/to Brescia or Shuttle bus from/to Brescia bus station. Milano Linate Airport, Shuttle bus from/to Milano Centrale station, Train from/to Brescia or Shuttle bus from/to Brescia bus station.

GENERAL INFORMATION

CONFERENCE DATE AND LOCATION

The conference will take place in S. Eufemia (BS) at the Mille Miglia Museum Viale della Rimembranza, 3 on April 14th, 15th and 16th 2011.

ABSTRACTS

Submitted abstracts related to the topics of the conference will be selected for presentation as posters or oral communications. Abstracts will be published on the International Journal Of Ozone Therapy. All abstracts must be in English and must mention authors and their affiliations. They must contain title, goals, materials and methods, results and conclusions. Maximum length allowed for each abstract is 3000 characters including spaces. Please send your abstracts to info@koineeventi.com

POSTERS

All posters presentations have been given a number. The number corresponding to each poster is indicated on page n. 8 of this programm. Posters must be hung on panels with the corresponding number in Mazzotti Room. A hostess will assist you. Poster must be mounted on Thursday 14th in the afternoon and removed on Saturday 16th after the end of works.

CME ACCREDITATION SYSTEM (ONLY FOR ITALIAN PARTICIPANTS)

We are very glad to inform you that the Congress has been granted CME credits by Italian Minister of Health. Doctors will collect 14 points per attending full Congress. Veterinary surgeons will collect 3 points per attending the Veterinary Session. We will give you all the necessary forms at the registration.

REGISTRATION FEE (VAT INCLUDED)

	Before February 1 st	After March 1 st
Regular fee:	□ 250 €	□ 350 €
F.I.O. & W.F.O.O.T Members:	□ 100 €	□ 200 €
Veterinarians - whole congress:	□ 250 €	□ 350 €
Veterinarians - Saturday session:	□ 80 €	□ 100 €

Registration fee includes:
congress kit
coffee break
lunch

SATELLITE SYMPOSIA:

Participation is free but registration is required. Please mark the Symposia you are interested in on the registration form and return it to info@koineeventi.com within March 31st

SOCIAL EVENT FOR ACCOMPANYING PERSONS ON APRIL 15th

1st Option: Trip to Venice with a guide, all day € 100,00.

2nd Option: Visit at the city of Brescia and exhibition of Matisse at the Museum of Santa Giulia € 60,00

PRE-REGISTRATION: You are kindly requested to mark the excursion you are interested in by email to info@koineeventi.com within March 18th. You will pay the fee on site.

N.b. : In case the excursions you have chosen haven't reached the minimum number of participants (15) the Organizing Secretariat will inform you about the possible variation of plan.

SOCIAL EVENT ON APRIL 16th

The President, prof. Bonetti, is pleased to invite all the registered participants and their accompanying people to the basketball game to be held Sunday April 17 at 18.00 at Pala San Filippo, Via Bazoli, 2 Brescia. People wishing to watch the game must present the badge of the congress.

HOW TO PAY FOR REGISTRATIONS

It is possible to pay by cheque or bank transfer in favour of Koinè eventi (see attached registration form). Koinè eventi will send the invoice to the participant or to the paying company/institution.

Note: in case of reservation paid by public or private institution you are kindly requested to provide us with an authorization written on the institution letterhead with all invoicing details (name, address, VAT No.). Please send the authorization along with the reservation form.

HOTEL RESERVATIONS

(Prices are available in the reservation form).

Koinè eventi has reserved a certain number of rooms at the Villa Fenaroli Palace Hotel especially for the conference. To make a reservation please fill in the attached form and send it to Koinè eventi to allow them to reserve the room/rooms depending on availability and according to your request.

After the reservation has been successfully made Koinè will send you a voucher with the full address of the hotel. English will be the official language of the conference.

Many thanks to our Sponsor:
